

Specialized Services
for Children & Youth
Together Is Better

REHABILITATION
CENTRE FOR
CHILDREN

Specialized Services for Children and Youth invites you to join us for
Breakfast at SSCY, our monthly learning series!

Topic: Inside the Rehabilitation Centre for Children's
Mechanical Design & Services Department (MD&S)

MD&S designs, builds and modifies different types of assistive technology and equipment, to help with independence and by assisting children and youth participate in daily activities that they otherwise could not.

In this presentation you will learn about:

- Who we are and what we do
- What equipment we build, how we build it, and why we build it
- How we use new technologies like 3D printing and CNC manufacturing to better serve our children and youth
- How to apply and have us build or modify equipment

Presented by: Matthew Gale, C.E.T., Clinical Technologist, MD&S

When: 8:00 – 9:00 am, Tuesday, April 10, 2018

Where: Northern Lights Room, 2nd floor of SSCY Centre, 1155 Notre Dame Ave

Parking: The SSCY Centre parking lot has paid visitor parking,
and street parking may be available

Webinar: The session is available as a webinar; visit our website to register and watch live or to watch the recording: <http://sscy.ca/about-sscy/breakfast-at-sscy/>

Mark your calendars for our upcoming sessions:

May 8: Rehabilitation Centre for Children's work with Jordan's Principle

June 12: Gaining movement and independence through Conductive Education
for children with neurological motor disorders

Everyone is welcome, and there is no need to register to watch in person.

Please contact the SSCY Centre Research Coordinator for more information:
Jessie at jshea@rccinc.ca or (204) 258-6717.
