

Central Intake receives Occupational Therapy, Physiotherapy, Speech-Language Pathology and Audiology referrals for preschool children living within the area served by the former North Eastman Regional Health Authority

Anyone can refer a child for therapy services with parent/guardian consent (signature required)

If you are not certain if therapy services are appropriate, call Central Intake Coordinator at (204) 268-6520 or discuss with any health care provider—Physician, Nurse Practitioner, Public Health Nurse, Family First staff, Child Development Worker, or Childcare or Educational staff including preschool teacher, Kindergarten teacher, in your community.

**North Eastman
Children's Therapy Initiative**

The goal of the North Eastman CTI is to enhance the delivery of coordinated, regionally based therapy services to children in North Eastman, thus allowing these children to reach their full potential.

This includes all children from birth to 21 years of age who require audiology, occupational therapy, physiotherapy and/or speech language pathology services.

Partnering agencies include IERHA, Family Services and Consumer Affairs, Sunrise School Division, School District of Whiteshell, Frontier School Division, Society for Manitobans with Disabilities Outreach Therapy for Children and Rehabilitation Centre for Children.

**Therapy Services
for Children and
Youth in
North Eastman**

Speech Language Pathology
Occupational Therapy
Physiotherapy
Audiology

Services may be provided by staff who work for:

Interlake Eastern Regional Health Authority
Rehabilitation Center for Children (RCC)
Society for Manitobans with Disabilities Outreach therapy Services (SMD)
Sunrise School Division—Speech Language Pathology Preschool Services
Frontier School Division
Manitoba First Nations Education Resource Centre

Who is eligible for services?

Any child with an identified concern in areas such as speech, hearing, movement, learning and social development.

Where do I send the referral?

NE CTI Central Intake; Phone (204) 268-7465; Fax: (204) 268-2153

Who can refer?

Family members or professionals may contact the program directly. Central Intake will review new referrals. Parents may be asked to give more information about their child's needs before the referral is forwarded to the most appropriate agency.

How will information be shared?

Parents or guardian must give consent so that information can be shared.
Parents, therapists and other team members work together to set goals and make a plan to meet the child's needs.

Where will services be provided?

Services may be provided in a variety of settings depending upon the needs of the child and family.
Services are provided using a family-centered approach. Services can include:

- Screening
- Education
- Assessment / Therapy

For Information about the professions and the services they can provide refer to the following websites
